

Pennsylvania Prospectors July 2018 Meeting Minutes

The July 2018 Meeting and Annual Outing of the PA Prospectors was held on Saturday July 21st at the Frank Gray Property. There were 58 members present recorded in all. President Gary led us in the pledge at approximately 3:30 PM give or take.

Role call of officers was taken. All officers were in attendance.

The minutes of the June 2018 meeting were read, and approved on motion by Bob and Dixie. The Treasurer's report as well as current bills were read, and were approved on motion of Bill and Carol.

The fact the the raon has begun and people were scattered into three or so locations to stay under some shelter, along with the fact the folks were looking forward to the potluck that followed, there was very little business introduced. The participants in the common dig were called forward to receive their share. Tom Sager was called forward to be given his prize for finding the secret coin in the metal hunt, dirty bugger.

The Delaware Valley GPAA club outing to be held the second week in July was mentioned for anyone interested.

Dixie and Linda were acknowledged and thanked for donating an ore bag they brought back from Lucky Strike that will be used in an upcoming drawing.

There being no additional formal business the meeting was quickly adjourned in prayer from Chaplain Claude so the pot luck could be enjoyed by all.
